

The FCC should spend time and money into the public school system. Elect only 1 channel of television and radio. Elect 1 mental health specialist to monitor it's contents. The media create the people, people create the homes, homes create the communities, communities create the cities, cities create the states and states create our beautiful USA. or free health care for all for the indecentcy shoveled into to our eyes and ears daily. I'm not trying to grow a PASTURE in my heart, mind and soul ARE YOU.
